

METRIC PANEL FASTENERS AND HOLE PLUGS

SECTION
XVI

ALL DIMENSIONS ARE IN MILLIMETERS

Micro Plastics' economical metric snap-in poly-plugs will close unneeded holes, wiring, outlets, fill unused accessory openings, cover inspection and production access holes. They can be used as tube end caps and protective bumpers. Metric poly plugs are molded in Nylon 6/6 which is corrosion, abrasion and vibration resistant, making them ideal for drawer glides and small appliance feet. Poly plugs are designed with special flexible and tapered prongs which snugly lock in place with finger pressure but can be removed and reused when necessary. Poly plugs have a dull matte finish and are stocked in natural nylon. Dyed and molded colors are available in volume requirements.

METRIC HOLE PLUGS

Molded in Natural Nylon 6/6

ITEM NUMBER	HEAD STYLE	FINISH	HOLE SIZE RND	PANEL THICKNESS	OD	HEIGHT
