SNAP RIVETS

Molded in **Black Nylon 6/6**

Micro Plastics' Nylon Snap Rivet is designed for assemblies requiring fast and economical fasteners that can be installed without tools. The two piece molded fastener comes assembled ready for use. The Rivet is placed in the hole and the smooth, oversized head is pressed. The specially designed legs expand and firmly lock the components permanently in place. Snap Rivets are molded in high dielectric (UL 94V2) Nylon 6/6 making them ideal for electronic applications.

- The following standard sizes are available from stock, other sizes will be tooled on request.
- Parts are stocked in black, other colors available upon request.
